

THE HARBOR

VIA
PHONE OR WEBCAM

When a visit to the Outer Banks is not quite necessary or just plain impossible, the Harbor ministry is still available.

Whether you need a one-time phone conference or on-going support, we look forward to the opportunity to minister by appointment via phone or web-cam.

The Policy

The Harbor ministry has a very strict policy of confidentiality. It is our practice to neither confirm nor deny anyone's call or visit without their permission. Everyone can have total confidence that nothing will be shared with others.

The Price

The Harbor ministry operates solely on love offerings. Visitors are encouraged to follow the Lord's direction in this matter.

The Purpose

The Harbor ministry is designed to offer a safe place for people to find the encouragement and instruction needed to deal with significant challenges in their lives.

The People

The ministry is led by Tony & Karen Facenda. The Lord graciously used an experience in their lives where others stepped in and helped, enabling them to reach out and help others when life becomes difficult.

“Who comforteth us in all our tribulation, that we may be able to comfort them which are in any trouble, by the comfort wherewith we ourselves are comforted of God.” 2 Corinthians 1:4

Tony founded Still Waters Baptist Church since 1999 and has been pastor since. In 2002 he began the Harbor ministry to reach out to those in full-time Christian service. Recently, because of many requests, the Lord has broadened this focus of spiritual care to include lay people.

The Place

The Harbor is located on the historic and beautiful Outer Banks of North Carolina, in the town of Kitty Hawk.

Those seeking counsel stay in a fully furnished four room ground level apartment that is within walking distance of the ocean.

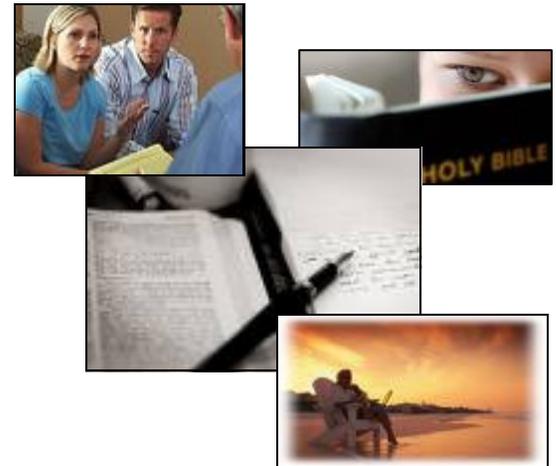

Towels and linens are provided. A fully equipped kitchen, local grocery stores and restaurants allow guests to continue their normal dietary routine.

The Plan

Though every situation is unique, normally people come to the Harbor for three to seven days; the most common stay being Saturday to Saturday.

An initial phone conference will help determine if on-site counseling would be beneficial and what amount of time would be required.

The schedule usually includes two counseling sessions each day, with assignments to work on between sessions, as well as time for rest and relaxation.

Before leaving, a suggested plan to facilitate sustained success will be outlined, and a strategy for any follow-up will be offered.
